KALINGA INSTITUTE OF INDUSTRIAL TECHNOLOGY
Deemed to be University U/S 3 of the UGC Act, 1956

DEPARTMENT OF TRAINING & PLACEMENT
KALINGA INSTITUTE OF INDUSTRIAL TECHNOLOGY (KIIT)
DEEMED TO BE UNIVERSITY, BHUBANESWAR (ODISHA)

No. KIIT-DU/T&P/26/457 **Date: 13th June'2026**

Kind Attenⁿ : 2027 Graduating B.Tech (CSE/CS&CE/CS&SE/IT), M.Tech (CSE/AI&DS/Cybersecurity) & MCA Students

This is to inform all the above students that **Optimus Information** will be conducting an Internship cum performance based PPO Recruitment Drive on **26th & 28th June'2026** at KIIT Campus in physical mode.

Interested eligible students are directed to **REGISTER** in the link given below on or before **16th June'2026 by 8.00 AM** to participate for the same.

https://tinyurl.com/Regd-Optimus-Information-27

Profile Offered	:	Software Engineer Intern
Eligibility Criteria	:	80% in 10th,12th/Diploma & 7.50 or above CGPA in B.Tech
	:	80% in 10th,12th/Diploma ,75% in Graduation & 7.50 or above CGPA in M.Tech/MCA
	:	No Backlogs
Process	:	

Stage 1:Aptitude & Programming Test
This machine-based test will evaluate the candidate on their logical and cognitive ability and programming skills.

Stage2:Written Test
This test will assess the candidate's written English proficiency. It will include questions based on the core values of Optimus to evaluate clarity of thought, communication, and alignment with our culture.

Stage3:HR Interview
This face-to-face interview will evaluate the fitment of candidate at Optimus.

Stage4: TechnicalInterview
This face-to-face interview will analyze the technical knowledge of candidate. Stage **5:FinalInterview**
This will be a face-to-face interview with our India Head-Operations

Stipend	:	Rs. 20,000 Per Month
Internship Duration:		12 Months
Joining Date	:	1st July'2026
Joining Location	:	Delhi NCR
CTC	:	Rs. 6.00 LPA (excluding insurance, L&D benefits, certifications, etc.)

Indemnity agreement:
On commencement of employment, a service agreement of the value of **Rs. 2 Lakhs** will need to be signed and will remain applicable for a period of **2 years** from the start of

employment. This agreement will need to be signed on or before the date of joining. It will come into effect from the date of commencement of employment at Optimus.

Required Skills:

Core Engineering Skills

- Strong fundamentals in Computer Science (DSA, OOPs, DBMS, OS basics)
- Proficiency in programming (Python preferred; Java/.NET is a plus)
- Understanding of SDLC, Agile/Scrum methodologies

AI & Future-Ready Skills (Preferred / Learnable)

- Basic understanding of AI/ML concepts or Generative AI
- Exposure to APIs, automation, or data handling
- Curiosity to build AI-driven solutions (chatbots, automation tools, etc.)

Other Skills

- Strong problem-solving and analytical thinking
- Willingness to learn, adapt, and experiment with new technologies
- Ownership mindset and ability to work in teams

This is an opportunity to kickstart your career by working on real-world AI, cloud, and product engineering projects.

From Day 1, you will undergo a structured learning journey focused on:

- Cloud engineering (Azure)
- Modern application development
- Data and AI fundamentals (ML, GenAI, automation)
- Industry-standard programming and engineering practices As part of project teams, you will work on:
- AI-enabled applications and intelligent automation
- Cloud-native architectures and microservices
- Data-driven systems and analytics platforms
- Real-world problem solving using emerging technologies

You'll be surrounded by a high-performing peer group and mentors, enabling continuous learning, innovation, and growth.

Note:

THE COMPANY WILL BE SHORTLISTING FROM THE REGISTERED STUDENTS LIST.

Prof. (Dr.) Prachet Bhuyan
Professor, School of Computer Engineering,
Dean (T&P), & Chairperson (TMS),KIIT-DU

About the Company :

Optimus (www.optimusinfo.com) is a Canada-based technology consulting company enabling enterprises to build AI-first, cloud-native, and data-driven solutions. We specialize in Application Development, Data & AI, Cloud Engineering, and DevOps.

Recognized among Canada's fastest-growing companies, Optimus holds multiple Microsoft Solution Area Designations, Advanced Specializations, and is an Azure Specialist for ISVs.

With delivery centers in Vancouver (Canada) and Noida (India), we operate in a global delivery model, helping clients modernize applications and embed AI into business processes and products.

At Optimus, we believe the future is AI-first + Cloud-powered, and we actively invest in building talent that can design, develop, and scale intelligent systems.
