Job Description

GTM Consultant- Intern

Required Skills

- Have strong analytical thinking and enjoy solving business problems
- Are curious about sales, startups, GTM, growth, strategy, or business building
- Communicate clearly and can think in a structured manner
- Thrive in fast-paced, high-ownership environments
- Want direct exposure to founder-level decision-making

Function: GTM & Revenue Strategy

What You'll Actually Do

1. **Build GTM Strategies**

•Work on expansion plans for new industries, customer segments, and markets
•Analyze sales performance, conversion funnels, and competitor movements
•Identify growth levers to improve pipeline, deal velocity, and revenue outcomes
•Support quarterly growth planning and strategic GTM initiatives

2. **Break Into High-Value Accounts**

•Research enterprise accounts and map key decision-makers
•Build targeted prospecting strategies and outbound campaigns
•Partner with leadership to unlock strategic logos and enterprise opportunities
•Learn Account-Based Marketing (ABM) and enterprise sales fundamentals

3. **Solve Revenue Problems Using Data**

•Build dashboards to track pipeline health and sales performance
•Analyze metrics across the revenue funnel:
•Lead → Opportunity → Deal → Revenue
•Improve GTM efficiency through workflows, automation, and process optimization

4. **Create Sales Intelligence**

•Build founder-grade pitch decks and GTM narratives
•Conduct market research and competitor analysis
•Help refine positioning, pricing, and Ideal Customer Profiles (ICP)
•Develop sales assets used in live customer conversations

5. **Support Strategic Deals**

•Work on high-priority customer opportunities and strategic accounts
•Prepare research briefs, business insights, and pricing recommendations
•Identify bottlenecks in the sales pipeline and help accelerate deal closures

You'll Stand Out If You

•Have been part of an Entrepreneurship Cell (E-Cell), startup club, consulting club, placement committee, fest leadership, or any high-ownership student body
•Have built something from scratch, startup, side project, student initiative, event, community, product, or business
•Naturally take initiative and enjoy solving ambiguous problems
•Think beyond execution and are curious about how businesses scale, acquire customers, and generate revenue

Bonus Points If You Have

•Internship experience in startups, consulting, business development, growth, operations, or strategy
•Strong Excel/Google Sheets, analytics, or storytelling skills
•Interest in B2B SaaS, AI, recruitment, or enterprise sales

What We Value

At Recrivio, we value people who behave like builders, not interns.
We prefer individuals who have demonstrated initiative whether through leading campus organizations, building communities, launching projects, participating in startup ecosystems, or taking ownership beyond academics.
If you've ever thought, "I want to build something meaningful someday," you'll likely thrive here.

Why This Role Is Different

Most internships give you execution work. This one gives you business exposure.

You'll learn:

- How startups build and scale revenue
- How enterprise deals are won
- GTM, sales strategy, and growth mechanics
- Founder thinking and decision-making
- How insights translate into revenue outcomes

Career Path

Top performers can fast-track into:

- GTM Associate/Consultant
- Revenue Strategy Analyst
- Business Development / Enterprise Sales
- Founder's Office
- Chief of Staff (GTM)

Build Revenue. Shape Markets. Work Directly with Founders.
At Recrivio, we are building the talent and trust infrastructure layers for India's fastest-growing startups and global technology companies across AI, SaaS, GCCs, Enterprise Tech, FinTech, Healthcare, and emerging sectors. We're looking for a high-ownership, commercially sharp graduate who wants to learn how startups win customers, build revenue engines, crack enterprise accounts, and scale GTM from 1 → 10 → 100.
Alongside hiring, we have launched our product RecriAuth - Recrivio's Background Verification (BGV) platform, designed for modern businesses that need faster, reliable, and candidate-first verification experiences. RecriAuth helps companies reduce hiring risk through streamlined employment, education, identity, and reference verification with speed and trust at the core.
This is not a conventional internship. You will work directly with the Founders and GTM leadership on real business problems from opening new markets to accelerating deal closures and driving revenue growth.
If you want to understand how businesses really get built, this role is for you.

Talent Consultant-Intern

Required Skills :

•Strong verbal and written communication skills.
•Entrepreneurial mindset with a willingness to take ownership.

•Comfortable speaking with professionals and building relationships.
•Curious about startups, technology, and business.
•Highly organized, detail-oriented, and execution-focused.
•Hungry to learn and grow in a high-performance environment

The Opportunity

We are looking for highly driven individuals who want to build a career in Talent Acquisition, Recruitment Consulting, or HR.

As a Talent Acquisition Consultant Intern, you will work directly on live hiring mandates for some of India's fastest-growing startups. You'll learn how to identify top talent, engage candidates, understand business needs, and influence hiring decisions.

This is not a back-office HR role. It is a high-impact consulting role where you'll interact with founders, hiring managers, and experienced professionals from day one.

What You'll Do

•Partner with founders and TA teams to work on startup hiring mandates.
•Understand business requirements and create talent sourcing strategies.
•Identify and engage top candidates through LinkedIn, referrals, networking, and market mapping.
•Conduct initial candidate assessments and screening conversations.
•Coordinate interview processes and manage candidate experience.
•Build talent pipelines for current and future hiring needs.
•Track recruitment metrics and maintain ATS records.
•Conduct market intelligence and competitor hiring research.
•Support clients in scaling teams across Engineering, Product, AI, Sales, Operations, and Leadership functions.
•Building and driving a talent community

What Success Looks Like

•Delivering quality candidate pipelines for open mandates.
•Building strong relationships with candidates.
•Meeting sourcing and interview targets.
•Demonstrating ownership, accountability, and problem-solving ability.
•Contributing to successful placements for client organizations.

Why Join Recrivio?

•Work directly with founders and startup leaders.
•Gain exposure to high-growth startups across emerging sectors.
•Learn modern recruitment, headhunting, and talent consulting.
•Receive mentorship from experienced recruitment professionals.
•Fast-track career growth based on performance, not tenure.
•Opportunity for full-time conversion and accelerated career progression.
